About Amerigon

Amerigon (NASDAQ-GS: ARGN) develops products based on its advanced, proprietary, efficient thermoelectric (TE) technologies for a wide range of global markets and heating and cooling applications. The Company's current principal product is its proprietary Climate Control Seat(R) (CCS(R)) system, a solid-state, TE-based system that permits drivers and passengers of vehicles to individually and actively control the heating and cooling of their respective seats to ensure maximum year-round comfort. CCS, which is the only system of its type on the market today, uses no CFCs or other environmentally sensitive coolants. Amerigon maintains sales and technical support centers in Southern California, Southeast Michigan, Japan, Germany, England and Korea. For more information, visit the Company's website at www.amerigon.com.
