

## Gentherm Resolves U.S. Patent Infringement Lawsuit

June 10, 2016

NORTHVILLE, Mich., June 10, 2016 /PRNewswire/ -- Gentherm (NASDAQ-GS: THRM), the global market leader and developer of innovative thermal management technologies, announced today that it successfully resolved its U.S. patent infringement lawsuit against IGB Automotive Ltd. Terms of the resolution were not disclosed.

Gentherm President and CEO Daniel R. Coker stated, "We are extremely pleased with the outcome. The challenges raised by IGB in the U.S. Patent Office and the resolution of the lawsuit have confirmed the strength of our patent portfolio. We believe the results reflect the value of Gentherm's intellectual property and will facilitate a greater respect for Gentherm's intellectual property rights by the Company's competitors."

### **About Gentherm**

Gentherm (NASDAQ-GS: THRM) is a global developer and marketer of innovative thermal management technologies for a broad range of heating and cooling and temperature control applications. Automotive products include actively heated and cooled seat systems and cup holders, heated and ventilated seat systems, thermal storage bins, heated automotive interior systems (including heated seats, steering wheels, armrests and other components), battery thermal management systems, cable systems and other electronic devices. Non-automotive products include remote power generation systems, heated and cooled furniture, patient temperature management systems, industrial environmental test chambers and related product testing services and other consumer and industrial temperature control applications. The Company's advanced technology team is developing more efficient materials for thermoelectrics and new systems for waste heat recovery and electrical power generation. Gentherm has over ten thousand employees in facilities in the U.S., Germany, Canada, China, Hungary, Japan, Korea, Macedonia, Malta, Mexico, Ukraine and Vietnam.

*Except for historical information contained herein, statements in this release are forward-looking statements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements represent Gentherm Incorporated's goals, beliefs, plans and expectations about its prospects for the future and other future events. The forward-looking statements included in this press release are made as of the date hereof or as of the date specified and are based on management's current expectations and beliefs. Such statements are subject to a number of important assumptions, risks, uncertainties and other factors that may cause the Company's actual performance to differ materially from that described in or indicated by the forward looking statements. Those risks include, but are not limited to, risks that new competitors may arise, new technologies may emerge, the Company's intellectual property rights may be challenged or invalidated and other adverse conditions in the industry in which the Company operates may negatively affect its results. The foregoing risks should be read in conjunction with other cautionary statements included herein, as well as in the Company's annual report on Form 10-K for the year ended December 31, 2015 and subsequent reports filed with the Securities and Exchange Commission. Except as required by law, the Company expressly disclaims any obligation or undertaking to update any forward-looking statements to reflect any change in its expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.*
