INFORMATION STATEMENT PURSUANT TO SECTION 14C
OF THE SECURITIES EXCHANGE ACT OF 1934

This Information Statement is provided by the Board of Directors of Amerigon Incorporated, a California corporation (the "Company"), to all holders of capital stock of the Company in connection with the shareholder approval obtained by written consent authorizing an amendment to the Company's Articles of Incorporation to effect an increase in the authorized number of shares of the Company's common stock, no par value (the "Common Stock"), from 20,000,000 to 30,000,000 (the "Amendment").

The Board of Directors and persons owning the majority of the outstanding Common Stock and Series A Preferred Stock of the Company have adopted, ratified and approved a resolution to effect the Amendment. In accordance with the regulations of the Securities and Exchange Commission (the "Commission"), the shareholders' consent will become effective approximately 21 days following the distribution of this Information Statement to the Company's shareholders. It is expected that the Amendment will become effective on or about May 21, 2002.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

The Company's principal executive office address is 5462 Irwindale Avenue, Irwindale, California 91706. This Information Statement will be mailed to the Company's shareholders on or about April 30, 2002.

INTRODUCTION

GENERAL

On November 30, 2001, the Board of Directors of the Company approved, subject to shareholder approval, an amendment to the Company's Articles of Incorporation to effectuate an increase in the authorized shares of Common Stock from 20,000,000 to 30,000,000. On February 25, 2002, the proposal was approved by the written consent of a majority of the issued and outstanding shares of Common Stock voting separately as a class and a majority of the issued and outstanding shares of Common Stock and shares of Common Stock issuable upon conversion of the Series A Preferred Stock voting together. A copy of the proposed amendment to the Articles of Incorporation is attached to this Information Statement as Appendix A. The record date for the shareholder approval is February 25, 2002. As of that record date, the Company had issued and outstanding 10,771,230 shares of Common Stock held by approximately 225 holders of record and 5,373,134 shares of Common Stock issuable upon conversion of the Series A Preferred Stock held by two holders of record.

The Amendment was approved by the written consent of the holders of 5,687,302 shares of Common Stock, representing approximately 52.8% of the issued and outstanding shares of Common Stock voting separately as a class. The holders of 5,373,134 shares of Common Stock issuable upon conversion of the Series A Preferred Stock also approved the Amendment by written consent. Accordingly, the Amendment was approved by written consent of approximately 68.5% of the issued and outstanding shares of Common Stock and shares of Common Stock issuable upon conversion of the Series A Preferred Stock voting together.

There will not be a meeting of shareholders and none is required under the California Corporations Code ("CCC") because this action has been approved by the written consent of the holders of a majority of the issued and outstanding Common Stock voting separately as a class and a majority of the issued and outstanding shares of Common Stock and shares of Common Stock issuable upon conversion of the Series A Preferred Stock voting together. Under Section 603 of the CCC, the Company is required to provide notice of the taking of corporate action without a meeting to its shareholders of record who have not consented in writing to this action. This Information Statement is intended to provide you with the required notice.

AMENDMENT TO INCREASE NUMBER OF AUTHORIZED SHARES

The Board of Directors believes that it is advisable and in the Company's best interests to have available additional authorized shares of Common Stock in an amount adequate to provide for the Company's future needs. This will be achieved by increasing the number of authorized shares of Common Stock from 20,000,000 to 30,000,000.

On February 25, 2002, the Company completed the sale of 4,333,368 shares of Common Stock and warrants to purchase 2,166,684 shares of Common Stock in a private placement to selected institutional and accredited investors, resulting in gross proceeds of \$6,500,052. The \$6,500,052 excludes \$2,580,903 representing the principal amount of a bridge loan and accrued interest on that loan, which was exchanged by the holder for 1,720,602 shares of Common Stock and warrants to purchase 860,301 shares of Common Stock. As partial compensation for services rendered in the private placement, Roth Capital Partners, LLC, was granted a warrant to purchase up to 550,005 shares of Common Stock. The warrants issued in the private placement have an exercise price of \$2.00 per share and expire on February 25, 2007.

The proceeds from the sale of shares issued in the private placement are being used for working capital, product development and general corporate purposes. Upon any exercise of the warrants, the Company will receive the exercise price, which is initially \$2.00 per share. To the extent the Company receives cash upon any exercise of the warrants, the Company expects to use that cash for general corporate purposes.

Although the shares issued in the private placement are restricted under the Securities Act, the Company filed with the Commission a registration statement under the Securities Act to permit the resale of the Common Stock issued in the private placement (including those shares issuable upon exercise of the warrants). The Commission declared the registration statement effective on April 3, 2002, and the shares are now eligible for resale, other than 666,668 shares (and 333,334 shares issuable upon exercise of certain warrants), that are subject to a one-year contractual restriction on transfer.

Prior to the completion of the private placement, the Company had 4,717,260 shares of Common Stock outstanding, 5,373,134 shares of Common Stock issuable upon conversion of Series A Preferred Stock, and 3,786,649 shares of Common Stock issuable upon exercise of options and warrants. After the private placement, the Company had 10,771,230 shares of Common Stock outstanding, 5,373,134 shares of Common Stock issuable upon conversion of Series A Preferred Stock, and 7,154,219 shares of Common Stock issuable upon exercise of options and warrants.

The Amendment will enable the Company to have a sufficient number of authorized shares of Common Stock to satisfy the conversion rights of the holders of the Series A Preferred Stock and outstanding stock options and warrants and provide the Company with additional authorized but unissued shares of Common Stock for future use. Big Beaver Investments LLC and Westar Capital II LLC are the two holders of the Series A Preferred Stock. Oscar B. Marx III, the chief executive officer and a director, Paul Oster, a director, and John W. Clark, a director, each may be deemed to have a direct or indirect interest in the Amendment because of their relationship with the holders of the Series A Preferred Stock.

Future sales of the additional shares of Common Stock authorized by the Amendment, or the perception that such sales could occur, could depress the market price of the Common Stock. No prediction can be made as to the effect, if any, that future issuances of shares, or the availability of shares for future sale, will have on the market price of the Common Stock. The issuance of such shares could result in the dilution of the voting power of the shares of the Common Stock and could have a dilutive effect on earnings per share.

The Company may from time-to-time consider acquisitions or other transactions, including raising additional capital, that may require further issuance of shares of Common Stock. Currently, there are no definitive agreements at this time respecting any merger or consolidation with or acquisition of another business, or the sale or liquidation of the Company or its business. The Company believes, however, that the increase in the number of authorized shares of Common Stock is in the best interest of the Company and its shareholders because additional shares of Common Stock will provide the Company with additional authorized but unissued shares of Common Stock that may be used for future acquisitions or when raising additional capital. Because of the Board of Directors' discretion in connection with an issuance of additional shares of Common Stock, the Board of Directors may, under certain circumstances, possess timing and other advantages in responding to a tender offer or other attempt to gain control of the Company, which may make such attempts more difficult and less attractive. For example, issuance of additional shares would increase the number of shares outstanding and could necessitate the acquisition of a greater number of shares by a person making a tender offer and could make such acquisition more difficult since the recipient of such additional shares may favor the incumbent management. Moreover, these advantages give the Board of Directors the ability to provide any such holders with a veto power over actions proposed to be taken by the holders of Common Stock. This could have the effect of insulating existing management from removal, even if it is in the best interest of the common shareholders. The Company is not aware of any existing or threatened efforts to obtain control of the Company.

VOTE REQUIRED FOR APPROVAL

Sections 902 and 903 of the CCC provide the procedures and requirements to effect an amendment to the Articles of Incorporation to increase the number of authorized shares of a security after shares have been issued. Pursuant to Sections 902 and 903 of the CCC, a proposed amendment to increase the aggregate number of authorized shares must be adopted by the Board of Directors and submitted to shareholders at a special or annual meeting and approved by a majority of the outstanding voting securities of the class of shares proposed to be increased.

In addition, Section 5 of the Certificate of Determination of Rights, Preferences and Privileges of the Series A Preferred Stock provides that the holders of the Series A Preferred Stock have the right to one vote for each share of Common Stock into which each Series A Preferred Stock could be converted, and, with respect to such vote, have full voting rights and powers equal to the voting rights and powers of the holders of Common Stock, and have the right to vote, together with the holders of Common Stock, with respect to any question upon which the holders of Common Stock have the right to vote.

Section 603 of the CCC provides that any action required to be taken at a special or annual meeting of the shareholders may be taken by written consent, in lieu of a meeting, if the consent is signed by holders of outstanding shares having not less than the minimum number of votes necessary to authorize any such action at a meeting at which all shares entitled to vote were present and voted.

The Board of Directors and persons owning and having voting power in excess of 50% of the issued and outstanding Common Stock voting separately as a class and in excess of 50% of the issued and outstanding shares of Common Stock and shares of Common Stock issuable upon conversion of the Series A Preferred Stock voting together, have adopted, ratified and approved the change in the authorized shares of the Company. No further votes are required or necessary to effect the proposed amendment.

The securities that would have been entitled to vote if a meeting were required to be held to amend the Company's Articles of Incorporation consist of 10,771,230 shares of Common Stock issued and outstanding on February 25, 2002 and 5,373,134 shares of Common Stock issuable upon conversion of the Series A Preferred Stock outstanding on February 25, 2002, the record date for determining shareholders who would have been entitled to notice of and to vote on the proposed amendment to the Articles of Incorporation.

ABSENCE OF DISSENTERS' RIGHTS

No dissenters' or appraisal rights are available to the Company's shareholders under the CCC in connection with the Amendment.
